PUBLIC INFORMATION OPEN HOUSE

Preview upcoming changes to downtown streets as part of the Scioto-Alum Creek Connector

The City of Columbus Division of Mobility Options is hosting an open house to display the alignment and details of the Scioto Alum-Creek Connector (formerly known as the Downtown Bike Connector)

The planned bicycle route for the Scioto-Alum Creek Connector:

- Proposes using downtown streets, including Neil Avenue and Nationwide Boulevard
- Will connect destinations such as North Bank Park, the Greater Columbus Convention Center and Columbus State Community College
- Will eventually become part of the 325 mile Ohio to Erie Trail

Please invite others who live, work, or travel through the downtown by bicycle to see how bicycling in Columbus, Ohio continues to be improved!

Wednesday, September 22, 2010
